Volunteers Needed!

Help us to inspire young minds
in STEM by volunteering your
time to enrich STEM teaching
in schools

You have what it takes!

Benefits for you:

- » training and support - improve transferable skills
- » networking with STEM Ambassadors in industry
- » supports with employability - looks great on your CV!
- » sense of achievement and a boost in confidence

Examples of opportunities:

- » online or in-person mentoring and advice
- » tutoring students in STEM subjects
- » giving UCAS advice and talking about university life
- » helping with STEM after-school activities like coding clubs
- » explaining your research to a younger audience

How often would I volunteer?

Whenever you are free!
Do as much or little as you want.

Where?

Online or in person

Join an online talk to find out more!
